## Greenfield Education Foundation Alumni Directory Project

(Nov. 14, 2008) Greenfield High School alumni are being contacted with post cards by Harris Connect for the upcoming Education Foundation Alumni Directory. The directory will contain the names, addresses and telephone numbers of participating graduates of Greenfield High School. This information will allow them to locate and contact old friends and classmates. There is no cost associated with this project to the District.

The Foundation intends to use the directory as part of its fund raising efforts. A similar directory was published approximately 10 years ago.

The directory will be available to Greenfield High School alumni as a hardbound book for \$90 and softbound for \$70. In addition to alumni biographical information, the directory will include construction pictures of the Greenfield High School renovation, artist renderings of the finished project and a section dedicated to the many sports teams that qualified for post-season sectional and state competition throughout the past many years.

Harris Connect will not provide the alumni data to other organizations, such as firms that sell mailing lists.

Alumni do have the option of refusing to have their information printed and are under no obligation to purchase the directory whether or not they provide biographical data to Harris Connect. Anticipated delivery of the directories is May of 2009.
